Gate

USB Adapter Set

The USB adapter set "Gate" is suitable for any conventional USB connection. Devices can be flexibly used on the road: digicam, MP3 player, numerical keypad, card reader, analog modem (RJ11) as well as digital ethernet (RJ45), etc. can be connected to the Notebook. The cable length of 150 cm can be easily extended with USB cables already in use. The cable is self-retracting and effectively prevents cable chaos.

Gate and the respective plug adapters are delivered in a bag made of high-quality Koskin. Then you always have everything within your reach!
